SCHEDULE "A"

PROJECT

1.	<p><b>Background:</b></p> <p>The Government of Ontario recognizes that municipalities, as defined under the <i>Municipal Act, 2001</i>, S.O. 2001, c. 25, as amended, and local services boards (LSBs), as established under the <i>Northern Services Boards Act</i>, R.S.O. 1990, c. L. 28, as amended, deliver many of the services that are critical to Ontarians and these services rely on well-planned, well-built and well-maintained infrastructure. In order to be sustainable, there is a need to have universally implemented comprehensive asset management plans that clearly guide investment decisions. Within these plans, the maintenance of roads, bridges, water, wastewater and social housing should be a top priority along with movement toward optimal use of a full range of infrastructure financing tools.</p> <p>Such plans need to prioritize needs to maintain critical infrastructure over wants. Plans will help ensure that investments are made at the right time to minimize future repair and rehabilitation costs and maintain municipal assets.</p> <p>The Government of Ontario requires such comprehensive plans to form the base of requests for provincial infrastructure funding and as such municipalities are required to demonstrate that a full range of available financing and revenue generation tools have been explored.</p> <p>The Government of Ontario recognizes that small municipalities of less than 20,000 may have limited financial capacity to undertake asset management planning. In response, in 2012-13, the Government of Ontario is making up to \$8.25 million in funding available to small municipalities and LSBs responsible for managing water/wastewater systems in Northern Ontario through the Municipal Infrastructure Investment Initiative – Asset Management Program. The funding will help Recipients in need of support to achieve a best practice in asset management. Best practices in asset management will allow small municipalities and LSB to identify and prioritize the long-term needs of their infrastructure.</p>
2.	<p><b>Project Scope:</b></p> <p>Creation or improvement of existing proponent asset management plans in accordance with the <i>Building Together: Guide for Municipal Asset Management Plans</i>. Plans are to be based on the expected life-cycle of the assets, be comprehensive to include all assets but at a minimum any assets owned by the proponent related to Roads, Bridges, Water and/or Wastewater assets. Plans will include comprehensive financial planning making optimal use of the full range of budgeting and infrastructure financing tools and will fully integrate financial planning and budgeting in the plan.</p>
3.	<p><b>Timelines:</b></p> <p>Work on plans and any associate Project costs will be complete by December 31, 2013.</p>

**TITLE: REMEDIAL REPAIRS TO THE MUNICIPAL DOG POUND**

  X   Draft By-Law                           Item                           Policy Recommendation

---

**Mayor D. Backer and Members of Council:**

Mr. Craig Richardson, Inspector for Animal Health and Welfare with the Ministry of Agriculture, Food and Rural Affairs, inspects the Municipal Dog Pound every year. Over the last couple of inspections Mr. Richardson has found some serious repair problems that need to be addressed. In order for the municipality to be compliant and avoid a work order, the work will have to be done. Mr. Chaput has received one quote from a local contractor for \$1500 + HST.

The work involved will include the replacement of 2 windows, patching of walls, repairing cracks in the floor and resealing the cement and capping of all wood around the doors and windows. The quotation is reasonable according to Mr. Chaput.

**Recommendation:**

That Council authorizes remedial repairs to be performed to the Municipal Dog Pound in the amount of \$1500.00 plus taxes.

Respectfully recommended

Councillor L. Perreault
