		Revision: #3

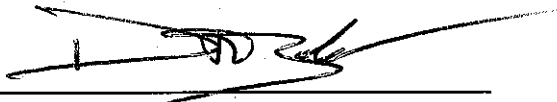

The Corporation of the Town of Mattawa is committed to ensuring that a Quality Management System (QMS) is developed and implemented according to the requirements of the Drinking Water Quality Management Standard (DWQMS). Steps will be taken to ensure that the established QMS complies with all applicable legislation and regulations and that all resources required for the maintenance and continual improvement of the system are identified and provided.

The Operational Plan for the QMS is reviewed and approved for The Corporation of the Town of Mattawa by Top Management of the Public Works Department. The Public Works Department is committed to implementing the contents of the Operational Plan and demonstrating ongoing dedication to the success of the QMS program. Council of The Corporation of the Town of Mattawa endorse the contents of the QMS and together with Administration further commit to ensuring that the QMS is regularly assessed to confirm its continued applicability and relevance.

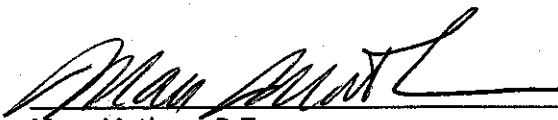

To promote awareness and understanding of the QMS, this written endorsement of the Operational Plan will be communicated to relevant parties according to the Communications Policy.
