

PUBLIC WORKS DEPARTMENT

NOTICE OF WATER SERVICE INTERRUPTION

PLEASE BE ADVISED THERE WILL BE A WATER SERVICE INTERRUPTION
**BEGINNING THURSDAY OCTOBER 5TH, 2017 AT 8:00 AM. UNTIL
APPROXIMATELY 4:00 PM.**

THE FOLLOWING RESIDENTS WILL BE AFFECTED:

- SEVENTH STREET RESIDENTS FROM BRYDGES STREET INTERSECTION TO RANKIN STREET
- NEARBY RESIDENTS **MAY** ALSO BE AFFECTED IN CASE OF AN UNPLANNED EMERGENCY.

Once the water service is restored we ask that you run your cold water tap for a **minimum of two minutes** to flush out old water and provide you with fresh water. If you notice you still have some discoloured water, continue to run your cold water until it becomes clear. If you think you have reduced pressure, you may wish to check your faucet screens and/or aerators for debris.

IMPORTANT NOTE: The above time frames are estimates based on expected time of completion. It is very important to be aware that undesirable circumstances may arise that could cause the interruption to extend beyond the estimated end time provided above.

Should you have any questions relating to the above, please call 303-8117 or 744-5611.

THANK YOU FOR YOUR COOPERATION!
