

**CORPORATION OF THE TOWN OF MATTAWA  
TOWN CONTRACT NO. 2022-05  
PROPOSED RECONSTRUCTION OF MATTAWAN STREET  
FROM PINE STREET TO PARK STREET**

**NOTICE OF COMPLETION  
PROJECT DESIGN**

The Town of Mattawa through their Consulting Engineers of Record, Jp2g Consultants Inc. Engineers · Planners · Project Managers have completed the design and specification documents for the reconstruction of Mattawan Street from Pine Street to Park Street, a distance of approximately 560 meters. The project consists of

Part A

Pine Street to Hurdman Street 340 meters asphalt removal including 150 mm Granular 'A' removal, catchbasin removal and replacement, outlet culvert removal and replacement, grading, granular base, hot mix paving, asphalt gutter, storm and sanitary structure frame adjustments and landscaping

and

Part B

Hurdman Street to Park Street 220 meters tack coat and asphalt overlay

There are no modifications to horizontal alignment or grade and the project is therefore a “pre-approved” activity under the Municipal Class Environmental Assessment process.

The project is expected to be implemented in 2024.

Any questions should be directed in writing to
