To: Residents of Park St Mattawa

Medical Officer of Health/Executive Officer Dr. Zimbalatti has issued a boil water advisory, effective immediately, for all residents of Park St Mattawa. This advisory is due to a water main break where the pressure was reduced below acceptable levels for safe drinking water flow.

A boil water advisory means that people who take their water from the municipal system should not drink the water, use it for cooking, use it to brush their teeth, or use it to wash foods, such as fruits and vegetables, unless first brought to a rolling boil for one minute. The water can be safely used for bathing and washing clothes.

Health Unit staff will continue to monitor this situation. Dr. Zimbalatti will notify the media when the boil water advisory has been lifted.

For more information, call the Health Unit at 705-474-1400 or 1-800-563-2808 or visit www.myhealthunit.ca.
