7. Notice of Motions

7.1 Closure of Life Labs

Resolution Number 26-38

Moved by Councillor Laura Ross

Seconded by Councillor Garry Thibert

WHEREAS LifeLabs has announced its intention to close its Greater Sudbury laboratory, and the transfer of medical specimen processing from Northern Ontario to laboratories in southern Ontario;

AND WHEREAS the Greater Sudbury laboratory provides essential diagnostic services to communities across Northern Ontario, including urban, rural, and remote municipalities, and plays a critical role in ensuring timely and reliable medical testing for Northern residents; and

AND WHEREAS patients with chronic illness, newborns, long-term care residents, and individuals on time-sensitive medications depend on predictable laboratory turnaround times to support clinical decision-making; and

AND WHEREAS transporting medical specimens long distances to southern Ontario increases the risk of delays, specimen degradation, and retesting, particularly during frequent winter highway closures—potentially jeopardizing patient outcomes; and

AND WHEREAS Northern Ontario is already experiencing shortages of health-care professionals, and the closure of this laboratory further undermines regional workforce stability, training capacity, and recruitment and retention efforts;

THEREFORE BE IT RESOLVED THAT Council of the Town of Mattawa call on the Province of Ontario and the Ministry of Health to take immediate action to ensure that essential medical laboratory services remain accessible within Northern Ontario, including maintaining local laboratory processing capacity in Greater Sudbury; and

AND FURTHER THAT the Province be urged to ensure reliable, timely, and medically appropriate laboratory turnaround times for Northern Ontario patients, recognizing the unique geographic and climatic challenges of the region; and

AND FURTHER THAT the Province be requested to protect and support the Northern Ontario health-care workforce, including medical laboratory technologists, by preventing further service centralization that disproportionately impacts Northern communities; and

AND FURTHER THAT copies of this resolution be forwarded to the Minister of Health, local Members of Provincial Parliament, FONOM, AMO, and ROMA.

CARRIED – unanimous

7.2 Rural Ontario Development Program Funding Application

Resolution Number 26-39

Moved by Councillor Garry Thibert

Seconded by Councillor Laura Ross

WHEREAS the Town of Mattawa is working on an economic development strategy;

AND WHEREAS the Province of Ontario has established a program up to 50% of eligible costs to a maximum of \$50,000 to support such initiatives for various groups including municipalities.

BE IT RESOLVED THAT Council for the Town of Mattawa supports the submission of a funding application to the Province of Ontario under the Rural Ontario Development Program.

CARRIED – unanimous

7.3 Support for Garnet Mining Operation

Councillor Levesque declared a conflict and left Council Chambers.

Resolution Number 26-39

Moved by Mayor Raymond A. Bélanger

Seconded by Councillor Mathew Gardiner

WHEREAS Mr. Rodney Cross is in the process of developing a garnet operation in the Municipality of Mattawan and his development plan will include many benefits to the Mattawa area;

AND WHEREAS mining is a key contributor to the Northern Ontario economy, as well as an engine for regional development and value-add generation. The impact of mining goes beyond mineral extraction and processing. Mining is linked to many other industries and sectors in the economy, including transportation, construction, equipment manufacturing, environmental management, geological services, education, and research;

AND WHEREAS mining has been part of Northern Ontario's fabric for centuries and is a multi-billion-dollar industry known around the world for its safety and environmental leadership, efficiency, productivity, and innovation.

THEREFORE BE IT RESOLVED THAT this industrial grade garnet operation is in demand for the main use of abrasives, and the proposed open pit would be an environmentally friendly aggregate mining operation which will complement the global demand for garnet. The development of Mr. Cross's Mattawan Garnet Mining project will help increase the much-needed employment and fostering the growth and economic sustainability throughout the Mattawa area.

AND FURTHER THAT Council for the Town of Mattawa supports this endeavor.

Whereas public libraries play a vital role in ensuring equitable access to information, literacy, education, and culture for all residents;

And whereas interlibrary loan services are an essential component of public library operations, particularly for small and rural communities with limited local collections;

And whereas reduced postal rates for library materials have historically enabled libraries to share resources efficiently and affordably across Canada;

And whereas recent amendments to the Canada Post Corporation Act have removed the legislative requirement to provide reduced postal rates for library materials, creating uncertainty for the continued delivery of this essential service;

Now therefore be it resolved that the Council of the Corporation of the Township of Perry calls upon the Government of Canada to maintain and protect reduced-rate postal distribution for library materials through legislation;

And that Council requests that the Minister responsible for Canada Post ensure continued, affordable postal access for libraries and interlibrary loan services;

And that a copy of this resolution be forwarded to The Honourable Joel Lightbound, Minister of Government Transformation, Public Works and Procurement, Scott Aitchison, MP Parry Sound-Muskoka, Hon. Graydon Smith, MPP Parry Sound-Muskoka, and all Ontario municipalities for support.

DECEMBER 10, 2025

WHEREAS staff submitted an application for Invest Ready–Certified Site Designation, which was denied due to the absence of water, wastewater, and natural gas infrastructure;

AND WHEREAS staff subsequently met with representatives of the associated grant funding program, who advised that additional funding opportunities for rural communities would be forthcoming;

AND WHEREAS the Site Readiness Program for Industrial Properties has since been launched, with eligibility requirements stipulating that any missing infrastructure must be in place and serviceable within two years of acceptance into the grant funding program;

AND WHEREAS it is not financially feasible nor in the best interest of our ratepayers to install full municipal water, wastewater, and natural gas services, as the associated capital and operating costs would impose an undue financial burden on the Municipality’s ratepayers;

AND WHEREAS alternative servicing solutions commonly used in rural and northern Ontario—such as properly designed and maintained septic systems for wastewater, drilled wells for drinking water, and propane or hydro for heat—are proven, reliable, and effective forms of infrastructure that can safely and efficiently support industrial and commercial development;

NOW THEREFORE BE IT RESOLVED THAT the Council of the Municipality of Magnetawan urges the Province of Ontario to revise its grant funding criteria to recognize and accept these alternative servicing methods as eligible infrastructure, and to ensure that rural and northern municipalities lacking municipal gas, water, and wastewater systems are not excluded from support;

AND FURTHER THAT this resolution be circulated to Premier Doug Ford; the Honourable Peter Bethlenfalvy, Minister of Finance; the Honourable Victor Fedeli, Minister of Economic Development, Job Creation and Trade; the Honourable Graydon Smith, MPP for Parry Sound–Muskoka; the Honourable Scott Aitchison, MP for Parry Sound–Muskoka; FONOM; AMO; NOMA; and all Ontario municipalities.

Dear Municipal Council,

Re: Support for East Ferris Regional Fire and Emergency Services Training Centre

The Municipality of East Ferris is moving forward with plans to construct a new fire hall that will also serve as a regional fire training centre. We are writing to inform you of this initiative and to respectfully request your support as we pursue funding through the Northern Ontario Heritage Fund Corporation (NOHFC) to assist with construction costs.

At present, the closest accredited and operational training facilities are in Huntsville, Haileybury, and Sault Ste. Marie, requiring significant travel time and expense for many departments across Nipissing, East Parry Sound, and Sudbury East Districts. This distance can limit participation, increase overtime and backfill costs, and create scheduling challenges for volunteer and staffed departments.

The proposed East Ferris facility will provide a centrally located, accessible training hub that allows firefighters to train closer to home. By reducing travel, departments can lower costs related to fuel, accommodation, and staff coverage, while increasing the frequency and consistency of hands-on training opportunities.

Beyond cost savings, the centre will foster regional collaboration by creating a shared space for joint exercises, mutual aid training, specialized certifications, and knowledge exchange. Training together will strengthen inter-departmental relationships and improve coordinated emergency response across our region.

The value of this collaboration has already been demonstrated. During the summer 2025 storm that affected the Municipality of Calvin, neighbouring departments worked side-by-side under a declared state of emergency, responding quickly and effectively to save lives. This experience highlighted how well we function together when needed. The proposed training centre will allow us to build on that success in a proactive and planned way—training together before regional emergencies occur and ensuring we are even better prepared for future events.

We know this facility will be a long-term regional asset benefiting every firefighter and the communities we collectively serve.

As our NOHFC funding application timelines are time-sensitive, the Municipality of East Ferris kindly requests formal Council support at your earliest convenience. For your consideration, a sample resolution is attached. Completed resolutions may be forwarded to our Clerk, Kim Rose, at kim.rose@eastferris.ca no later than April 1st, 2026.

To Mayors and Chairs of Police Service Boards in Strong Mayor Power Municipalities,

We are writing to provide information on the powers and roles of municipalities, mayors, and police service boards in establishing a police service board budget, particularly in municipalities with Strong Mayor Powers.

In a strong mayor municipality, the Head of Council has the responsibility to prepare and propose the municipal budget on or before February 1 of each year, which would be subject to a council amendment, head of council veto and council override process.

This municipal budget includes estimates of amounts required during the year, including any amounts required for boards, such as the police service boards budget established in accordance with the *Community Safety and Policing Act, 2019 (CSPA)*. **The Head of Council's strong mayor budget powers do not include the power to limit police service board budget increases or veto estimates submitted by police service boards.**

The CSPA provides the purposes for which the funding is to be provided to a police service board, establishes a process for submitting budget estimates, municipal approval of such a budget, and the mechanisms available to address disagreements.

Under section 50 of the CSPA, a police service board must submit their operating and capital estimates to the municipality, which is then responsible for establishing an overall budget for the police service board. **Although municipalities are not required to adopt the board's estimates as submitted, they cannot approve or reject specific line items within the estimates.** Municipalities are required to provide police service boards with sufficient funding to comply with the CSPA and its regulations, as well as pay the expenses of the board's operation, excluding remuneration for board members.

There are dispute resolution mechanisms established under the CSPA to address situations in which a police service board is not satisfied that the budget is sufficient to permit the board to comply with the legislation and pay for the board's operation.

The CSPA provides two dispute resolution pathways: the board and municipality may jointly apply to the Commission Chair of the Ontario Police Arbitration and Adjudication Commission (OPAAC) to appoint a conciliation officer, or the board may give the municipality written notice referring the matter to arbitration.

In arbitration, a municipality can argue, among other things, that costs could be reduced if the board entered an agreement to receive services from another police service. If the municipality can show that the board could reasonably have obtained policing services under an agreement (under section 14 of the CSPA, with another police service board or the Commissioner of the Ontario Provincial Police) at a lower cost while still meeting applicable standards, the arbitrator cannot deem the budget insufficient to the extent of the amount that could have been saved by entering into the agreement.

For example, if a police service board seeks funding for a \$15 million policing budget, and the municipality can demonstrate that equivalent services meeting all standards could have been provided through a budget at \$13 million, where some services are provided pursuant to an agreement with another police service, in this case, the arbitrator could not find the budget insufficient to the extent of the additional \$2 million.

Following arbitration, the municipality shall amend the board's budget to reflect the arbitrator's decision.

Thank you for your continued leadership and commitment to protecting our communities. Please consider this information as you work toward establishing police service budgets. If you or your administrative staff require additional information, please contact Nicole Rogers, Manager, Community Safety Policy Unit, Ministry of the Solicitor General, at Nicole.Rogers@ontario.ca or Shira Babins, Manager, Financial Analysis and Reporting Unit, Ministry of Municipal Affairs and Housing, at Shira.Babins@ontario.ca.

Your work and dedication are important in advancing shared priorities and strengthening public safety to protect Ontario.

Sincerely,

INFORMATION REPORT

PREPARED FOR: MAYOR BÉLANGER AND MEMBERS OF COUNCIL
PREPARED BY: AMY LECLERC, MUNICIPAL CLERK
SABRINA POUILLAS, DEPUTY CLERK
TITLE: TOWN OF MATTAWA ELECTION PROCEDURES POLICY
DATE: MONDAY MARCH 9, 2026
REPORT NO: 26-09R

BACKGROUND

2026 is an election year and staff are working on getting all the policies and procedures up to date in order to run the municipal elections.

The Municipal Elections Act requires a municipality to establish rules and procedures for candidates running in a municipal election.

ANALYSIS AND DISCUSSION

One of the policies that are a requirement is the Elections Procedures Policy. This policy assists the Clerk in running the elections as it sets out the processes that will be used. The Clerk, Deputy Clerk and appointed Election Officials will be following this policy.

The policy will also be provided to all candidates in the candidate package that staff are creating as well so they all know how the elections will be run in the Town of Mattawa.

This policy may be changed by the Clerk as necessary and deemed appropriate and the revised procedures will be provided to Council and candidates as well.

Some key points for the elections and within this policy are as follows:

- Our municipal website will be the only platform that is updated with all election information. If the Clerk so chooses the town's social media pages will be updated
- Nominations are set out from May 1, 2026 until August 21, 2026
- Advanced voting will be held on Saturday October 3 and Wednesday October 14, 2026 at the Municipal Office
- Election Day will be held on Monday October 26, 2026 at the Mike Rodden Arena & Community Centre
- Unofficial results will be posted once the count is completed by the election workers and verified by the Clerk
- Official results will be certified by the Clerk as soon as possible after Election Day

Since election day is on the 4th Monday in October and Council usually holds a meeting that evening that meeting will be cancelled by Council resolution. Staff is asking Council to consider cancelling all meetings in October to allow for the Clerk and Deputy Clerk to hold both advanced votes and get everything ready for the month of voting. Both will be extremely busy during this time making sure the voters list is up to date from both advanced votes and verifying all paperwork is in order. If an item of urgency needs to be discussed by Council during the month a special meeting can be called by the Mayor. We are asking that for this to be considered

Council place the cancellation of the Tuesday October 13, 2026 on old business until a decision can be made.

A requirement of this policy is that Council approve this by way of by-law.

FINANCIAL CONSIDERATION

Cost of the municipal elections will be included in the budget process.

RELEVANT POLICY/LEGISLATION:

Municipal Elections Act, 1996 and Municipal Act, 2001

ATTACHMENTS:

INFORMATION REPORT

PREPARED FOR: MAYOR BÉLANGER AND MEMBERS OF COUNCIL
PREPARED BY: DEXTURE SARRAZIN, DIRECTOR OF COMMUNITY SERVICES
TITLE: TRANSITION OF GRASS CUTTING SERVICES TO IN-HOUSE OPERATIONS AND PURCHASE OF LAWN EQUIPMENT
DATE: MONDAY MARCH 9, 2026
REPORT NO: 26-11R

BACKGROUND

For the past 3 years, grass cutting has been done by a third-party contractor for which expired last season. The purpose of this report is to inform Council of staff's intention to align itself with the direction provided in the strategic plan and to take care of the lawn maintenance using its own forces.

ANALYSIS AND DISCUSSION

Despite having had a third-party contractor at a cost of \$24,000/yr, municipal staff continue to complete a significant amount of grass cutting and grounds maintenance throughout the municipality as part of their regular duties.

Staff have reviewed current operations and determined that grass cutting services can be fully absorbed within existing staffing resources with the addition of appropriate equipment.

Proposed Change

Staff propose the following:

- The grass cutting contract expired at the end of the 2025 season therefore we will not be renewing in 2026.
- Grass cutting and grounds maintenance will be completed **in-house** by municipal staff.
- To support this transition, the Town will purchase:
 - One (1) lawn tractor mower
 - One (1) push mower
 - Trimmers and associated accessories

The total estimated cost for this equipment is **\$20,000**, and after performing product sourcing due diligence, it has been determined that the equipment can be purchased locally, supporting local businesses.

FINANCIAL CONSIDERATION

- **Current annual contract cost:** approximately **\$24,000**
- **One-time equipment purchase:** **\$20,000**
- **Ongoing savings:** elimination of the annual contracted service cost

The proposed equipment purchase represents a **one-time capital investment** that will be offset by the elimination of recurring annual contract expenses. Over time, this approach is expected to provide cost savings and greater operational flexibility.

No additional staffing is required, as the work will be completed within existing staffing levels.

Operational Benefits

Transitioning grass cutting services in-house provides several operational advantages, including:

- Greater control over scheduling and service levels
- Increased flexibility to respond to weather and operational priorities
- Better integration with other public works and parks maintenance activities
- Reduced reliance on external contractors
- Long-term cost savings
