# IMPORTANT NOTICE

Please be advised that Council of the Corporation of the Town of Mattawa, at their special meeting of December 23, 2019, adopted Resolution Number 19-101, which stated:

**“BE IT RESOLVED THAT the CAO and Engineers of record (Jp2g Consultants Inc.) are hereby authorized to coordinate with Dillon Consulting Limited, Golder Associates Ltd., and ODS Marine Construction to identify and implement Stage 1 emergency repairs and Stage 2 long term repair strategy to the west abutment of the Pont Mauril Bélanger Bridge As per the Dillon Consulting Report dated December 23, 2019.**

**This authority will extend to coordinating with Dillon Consulting and Golder Associates to design a Stage 2 longer term solution to repair the bridge to a condition that will allow both lanes to be reopened to vehicular traffic.**

**This authority will also extend to coordinating with the Ministry of Transportation (MTO) to obtain and install a temporary Bailey bridge across the west span of the Pont Mauril Bélanger Bridge if deemed appropriate by the design engineers as part of the Stage 2 long term solution to the west abutment.**

**Council will be kept updated in a timely manner on all issues relating to the repair of the west abutment.”**

Remedial repairs (Stage 1 - Emergency Repairs) commenced Tuesday January 8<sup>th</sup> and contingency measures have been put into place while these repairs are being made.

There could be further temporary bridge closures put in place; and future notices will be issued should this occur. Traffic lights will remain in place to facilitate traffic control.

We thank everyone for their patience as these emergency repairs take place.

**PLEASE PLAN ACCORDINGLY**

**THANK YOU FOR YOUR CO-OPERATION**
