### Introduction

Once again, it is our pleasure to present the 2023 AMCTO Annual Report. 2023 presented new challenges and opportunities for the Association, our members, and the broader municipal sector.

As an Association, we continue to take great pride in providing our members and other municipal professionals with the opportunity to learn, grow and thrive in their careers. In 2023, we continued to invest in our education curriculum to ensure both relevance and quality. Our professional development portfolio continued to provide timely and responsive content, including our first-ever Municipal Mental Health Forum in February. AMCTO also welcomed a record number of registrants and partners to the 2023 Conference and Annual General Meeting in Niagara Falls in June.

The Association's role in advocacy and policy development was front and centre again in 2023. In addition to supporting members in the adjustment to new legislative changes like strong mayor powers, AMCTO policy and government relations staff worked with sector experts to produce a proactive submission with detailed recommendations for long overdue changes to the *Municipal Freedom of Information and Protection of Privacy Act (MFIPPA)* legislation.

The upward swing in overall membership continued in 2023, with key growth in Full, New Professional and Student membership categories. Targeted marketing campaigns also produced membership growth among chief administrative officers and non-members enrolled in AMCTO fall education and professional development programs. Our 2023 State of the Membership survey highlighted that overall member satisfaction increased to 80% (up from 78% in 2021).

The 2022-2026 Strategic Plan continues to help guide actions by our Board of Directors and staff. 2023 brought the completion of a number of key strategic projects including the launch of the new AMCTO website, new member affinity partnerships and continued growth of the mentorship program.

We would like to thank you once again for being a member. We look forward to serving you in 2024 and beyond!

### **Board of Directors**

Throughout 2023, the AMCTO Board of Directors provided strategic advice and direction on a number of matters focused on meeting the needs of the Association and municipal professionals across the province.

Through a series of six Board meetings held during the year, the Board achieved the following key accomplishments:

- Endorsement and advancement of key advocacy positions on several files: MFIPPA, Municipal Elections Act (MEA), Accessibility for Ontarians with Disabilities Act (AODA), and Women of Ontario Say No.
- Initiation of targeted membership campaigns which resulted in increased membership from underrepresented categories and overall membership growth.
- Approval of committee restructuring and other tactics that will seek to increase opportunities for meaningful member engagement.
- Starting a diversity, equity, and inclusion audit to address long-standing challenges related to representation within the Association.

In 2024, the Board of Directors continues to focus on the delivery of initiatives derived from the 2022-2026 AMCTO Strategic Plan including the launch of a new fulsome career development program and other initiatives to support the professional growth of our membership.

# **Legislative & Policy Advisory Committee**

The Legislative and Policy Advisory Committee (LPAC) has the following mandate:

"to assist the Association in developing and maintaining a close liaison with all levels of government through the identification and evaluation of key legislative and regulatory issues affecting the responsibilities of Association members".

Throughout 2023-2024, LPAC focused efforts on advancing:

- modernization of the Municipal Freedom of Information and Protection of Privacy Act (MFIPPA),
- continuous improvement of the Municipal Elections Act (MEA),
- support for municipalities in implementing strong mayor authority, and
- reduction of the municipal administrative and reporting burden.

Despite frequent legislative proposals and amendments making substantial changes to municipal operations, AMCTO's policy and government relations priorities have moved forward with considerable success. With collaboration from LPAC, staff, working groups and other municipal experts, the Association balanced responses to significant provincial intervention in the municipal space that had very short timeframes for consultations and engagement. In addition to responding reactively, AMCTO continues to be proactive in bringing key items in the <a href="Issue Profile">Issue Profile</a> to the forefront for debate and discussion.

### 2023-2024 Committee Highlights

- Advised on topics and issues to raise during ministerial delegation meetings at the Rural Ontario Municipal Association (ROMA) and Association of Municipalities of Ontario (AMO) conferences
- Informed development of the 2024 Pre-Budget Submission focusing on ensuring modern legislation and reporting requirements, supporting implementation projects, protecting and expanding existing funding streams, and working with municipalities and associations to explore new funding arrangements
- Continued discussions on Municipal Act issues and challenges to inform future planning
- Discussed opportunities for research projects in support of the Association's advocacy efforts
- Discussed advocacy opportunities to protect proper council-staff relations as it relates to codes of conduct improvements.

- Supported a response to the Ministry of Education's consultation on proposed amendments Regulation 304 under the *Education Act*, 1990 requesting a mandatory Professional Activity Day on municipal and school board election day.
- Provided input into the Information and Privacy Commissioner (IPC)'s consultation on its Code of Procedures.
- Provided input into support of the advocacy group, Women of Ontario Say No, to hold municipallyelected politicians accountable for violence and harassment in the workplace.
- Provided input in support of AMO's campaign for a Social and Economic Prosperity Review.
- Provided feedback on Bill 185: Cutting Red Tape to Build More Homes Act, 2024 and complementary
  red tape reduction package informing AMCTO's submission to key consultations, especially
  changes to the Line Fences Act, municipal reporting requirements, implications for producer pays,
  and notice requirements.

The Committee continues to serve our Association as a resource through its collective expertise and input. This work enables meaningful legislative and policy discussions while developing a process for putting forth recommendations to the Board of Directors.

### AMCTO Advocacy Highlights

- Productive discussions with ministry representatives around the modernization of MFIPPA and the MEA: Minister of Public and Business Service Delivery, Todd McCarthy, was positive about making legislative changes to modernize MFIPPA as soon as possible as well as former Minister of Red Tape Reduction, Parm Gill, who agreed that improvements to the legislation is long overdue
- Productive 2023 AMO conference ministry, NDP, Liberal, and Green Party delegations to discuss AMCTO advocacy priorities as outlined in our Association's Issue Profile
- Submitted Looking Ahead: A Proactive Submission to Modernize the Municipal Freedom of Information and Protection of Privacy Act to the Minister of Public and Business Service delivery and launched advocacy campaign with member toolkit.
- Released <u>2022 Post Elections survey</u> with key findings for members to support planning for the 2026 election.
- Submitted <u>Modernizing the Municipal Elections Act for the 21st Century</u> to the Minister of Municipal Affairs and Housing and launched an advocacy campaign with member toolkit.
- Submitted considerations to the <u>Federal Ministers of Justice and Public Safety on Foreign</u> Interference and impacts to local election processes.
- Continued engagement with Elections Ontario on its Municipal Working Group on the transition and implementation of a single register of electors.
- Continued to advocate for reduction of administrative and financial burden resulting from a lack
  of a provincial framework to regulate roadside zoos and exotic animals in collaboration with
  AMO, Municipal Law Enforcement Officers' Association (MLEOA) and World Animal Protection
  (WAP)

### **Advocacy Progress and Member Support**

- Supported municipalities transitioning to strong mayor powers through a shared resource and weekly meetings
- Sought clarity and guidance from the Province on gaps and inconsistencies in strong mayor legislation and regulations resulting in additional insight from the Province on implementation

- Sought clarity and guidance from the Province on notice requirements given closures to local newspapers, resulting in regulatory consultations on modernizing notice requirements
- Sought Provincial action on returning to the assessment cycle and providing direction on reassessment. With AMCTO's voice added to the collective voice of the sector, the Province announced a review of the property tax and assessment system.
- Launched new members-only <u>research curation webpages</u> to further support members' and municipal professionals' knowledge and understanding of sector best practices and policy and public sector trends
- Launched roster of municipal advisors to help support our advocacy efforts and build continued member engagement

### **Conclusion**

Overall, our policy and advocacy work in 2023-2024 has been extremely active in both forwarding the Association's advocacy agenda while balancing responses to significant provincial intervention which has made significant changes to the operations of municipalities. This year's accomplishments have established a strong foundation and built momentum for continued to advocacy of members' interests. The LPAC has been instrumental in providing advice and support to AMCTO staff to ensure the Association continues to be a leading voice of and for municipal professionals.

### **Financial Performance**

A copy of the auditors' report and audited financial statements for the year ending December 31, 2023 for the AMCTO, as prepared by management and audited by the firm BDO Canada LLP is attached to this report for consideration.

The "Statement of Financial Position" shows net assets of \$1,988,455 at the end of 2023. This is comprised primarily of reserves and reserve funds for general operations, education and innovations, strategic initiatives and government relations. These reserves and reserve funds have increased by \$234,461 from the 2022 levels from the 2023 Operating Surplus.

The "Statement of Operations" shows that total revenues for 2023 were higher than the total revenues for 2022 as demand for Education and Corporate Training programs were strong through the year. Additionally, the Association recognized an unrealized gain in its long-term investment in 2023 after the portfolio experienced a large unrealized loss in 2022 due to the rising interest rate environment. Total expenditures have increased in line with revenues due to direct program delivery costs and an increase to cost-of-living allowance. Cumulatively, the Association realized an Operating Surplus of \$234,461 for the 2023 fiscal year.

In considering the 2023 Operating Surplus, the following key operating variances compared to budget for the year should be noted:

### Membership (approx. \$3,300 net shortfall)

• The total number in the full members category was slightly below plan in 2023 by just under two percent, specifically in the planned number of members paying full rate dues. This was slightly offset by the number of new professional members joining the Association being above plan.

### Accreditation Programs (approx. \$4,200 net surplus)

• The number of applications for the Association's three accreditation programs exceeded target for the year by nearly double as efforts to promote and support members to submit applications has resulted in more completed applications. This has resulted in a significant increase in revenue from the portfolio for the year.

### Education Programs (approx. \$130,200 net surplus)

• There were additional unplanned education offerings this year which resulted in an increase in

both revenues and expenses compared to plan. An unplanned in-person Executive Diploma in Municipal Management (EDMM) cohort at a municipality and additional Municipal Administration Program (MAP) in-class offerings pushed education program revenues above target this year. Both Municipal Clerks Institute (MCI) Level 1 and 2 continue to see strong demand with all three offerings this year at near capacity. The EDMM and MAP in-class offerings came with additional costs to run the programs which include instructor travel, teaching and marking fees putting expenses above plan this year. The overall net result was an increase in net revenues compared to plan for the year.

### Professional Development Programs (approx. \$30,600 net surplus)

• The majority of the Association's core training events were held virtually in 2023 as planned and overall registrations were in line with budget. The Association entered the year with strong demand for corporate training which continued from the previous year, resulting in the number of contracts executed above target which pushed revenues and associated program expenses above plan.

### Annual Conference (approx. \$1,900 net surplus)

Overall revenues in delegate registrations, sponsorship and exhibitor tradeshow revenues were
on plan. The investment in staff training and reevaluating sponsorship opportunities continued
to generate increased interest in corporate sponsorship and tradeshow in 2023. This led to some
increased costs but was offset with additional sponsorship revenue. Overall food and beverage
costs were higher than expected as inflation was reflected in final costs closer to the date of the
conference.

### Publications (approx. \$3,000 net surplus)

• There was a significant increase in print advertising revenue in the Municipal Minute in the first half of 2023, which was offset with a lower-than-expected number of subscriptions to the Ontario Municipal Directory.

### Legislative Services (approx. \$8,400 net surplus)

• Planned expense for in-person meetings for the Legislative & Policy Advisory Committee did not occur resulting in a net surplus for the year.

### Communications and Marketing (approx. \$32,500 net shortfall)

 Demand for Standard Job Ads was significantly lower than planned, which was offset with a higher-than-expected uptake in Featured Ads, resulting in an overall net decrease in revenue for the year. Additionally, sponsored Professional Development revenues were below plan as there was limited interest from sponsors.

### Administration (approx. \$159,300 net surplus)

• Overall, the Association was on budget in administration costs with a number of areas where costs either exceeded or fell below the budgeted amounts. The majority of the net surplus in 2023 was due to \$61,000 in unrealized gains in the fair market value of the Association's short-term investment portfolio and an increase of \$37,000 in investment income compared to budget.

### Staff Wages & Benefits (approx. \$5,900 net surplus)

The Association began 2023 with a full staff complement. The slight net surplus is from base

salary and pension plan contributions savings due to a temporary leave, which was offset by an accrual for qualified merit-based variable compensation for 2023 performance reviews based on the personnel policy.

### Status of AMCTO Reserves

AMCTO continues to hold a strong overall financial position. At the end of 2023, the Association had approximately \$2,840,000 on-hand in the form of cash or investments.

Included in the above-noted funds on-hand were restricted and unrestricted Reserves totaling \$1,988,455. Some of these Reserves have been set aside to finance future Association activities in the areas of education and innovation; strategic innovations and government relations. In addition, a total of approximately \$1,120,537 has been placed in an Operating Reserve to finance ongoing Association operations in the event that there is ever a serious decline in overall Association revenues.

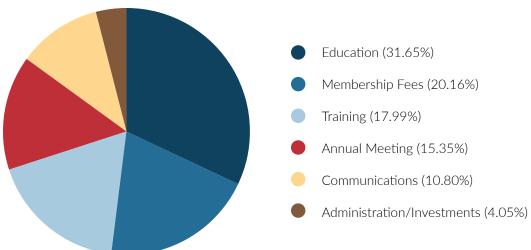

The AMCTO Board continues to manage the Association's assets and programs in a manner that provides members with key, quality services. The Board will, however, continue to be diligent in pursuing operating efficiencies while also continuing to ensure that funds are set aside and/or utilized so that an appropriate match between the funds on-hand and the Association's longer term strategic goals and objectives is maintained.

### 2023 Revenue by Function

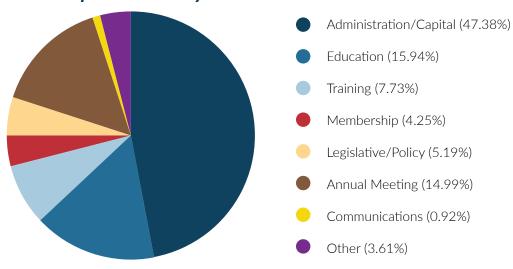

- 2023 revenues from all sources totaled \$3,528,590.
  - This represents a increase of \$706,614 or approximately 25.0% as compared to 2022.
- 2023 expenditures increased to a total of \$3,294,129.
  - This represents an increase of 8.90% or \$269,307 relative to the 2022 expenditures.

The following charts show the distribution of revenues and expenditures among the various functions of the Association.

### **Independent Auditor's Report**

### To the Members of the Association of Municipal Managers, Clerks and Treasurers of Ontario

### Opinion

We have audited the financial statements of the Association of Municipal Managers, Clerks and Treasurers of Ontario (the "Association"), which comprise the statement of financial position as at December 31, 2023, and the statements of operations, changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Association as at December 31, 2023, and its operating results and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

### **Basis for Opinion**

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Association in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Association or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Association's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

BDO Canada LLP, a Canadian limited liability partnership, is a member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

### **Independent Auditor's Report** (continued)

### Auditor's Responsibilities for the Audit of the Financial Statements (continued)

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

If significant risk issues (e.g. safety, environmental, food safety, product legality/quality, etc.) are detected during an audit these shall be reported immediately to the Client and more immediate or instant correction shall be requested. If this is not agreed and cannot be resolved to the satisfaction of Intertek - SAI Global, immediate suspension shall be recommended.

In the case of initial certification, failure to close out NCR within the time limits means that the Certification Audit may be repeated.

Subject: AMO Policy Update - Bill 200, Agricultural Land Protection, Electricity Distribution Financing, and Other Updates

**Date:** June 12, 2024 12:20:09 PM

# AMO Policy Update - Bill 200, Agricultural Land Protection, Electricity Distribution Financing, and Other Updates

Bill 200, *Homeowner Protection Act* – Changes to Heritage Designation Deadlines

Last week, <u>Bill 200</u>, the <u>Homeowner Protection Act</u> received Royal Assent, extending the deadline to designate properties listed on municipal heritage registers to January 1, 2027. These changes respond to <u>concerns</u> that the original 2025 deadline did not provide enough time for municipalities to review the listed properties, leading to increased reactionary designations and appeals to the Ontario Land Tribunal. The bill also clarifies changes that properties removed from registers are ineligible for heritage designations for five years, bans registration of Notices of Security Interest for consumer goods on the Land Registry, and establishes a 10-day cooling off period for new homebuyers.

## Provincial Guidance on Agricultural Land Protection related to Energy Projects

Last week, the Minister of Energy and Minister of Agriculture, Food and Rural Affairs <u>issued a letter</u> providing direction to the Independent Electricity System Operator (IESO) to include agricultural land protections in future energy procurements. This direction comes following <u>AMO's recent advocacy</u> to the province and IESO seeking stronger guidance on energy project siting and agricultural protection.

#### Ontario Energy Board (OEB) – Electricity Distribution Financing

AMO <u>submitted comments</u> to the OEB to inform <u>their work</u> exploring funding options for growth-related electricity distribution infrastructure. This directly impacts how much new developments cost and local energy rates. This is also one of many important conversations about how we pay for growth. It's estimated that local distribution companies (LDCs) need to spend as much as \$120 billion by 2050 to expand the grid – more than double the rate of current infrastructure investment. As majority LDC owners, municipalities have a vested interest in ensuring LDCs can afford these upgrades.

## AMO's Advocacy in response to Auditor General's Report on Aggregate Management

Last year, the Ontario Auditor General <u>issued a report</u> on a value-for-money audit of Ontario's Management of Aggregate Resources. AMO has <u>sent a letter</u> to the Ministry of Natural Resources calling on the province to implement the Auditor General's recommendations particularly as they relate to addressing gaps in the aggregate management framework including:

- An inadequate number of inspectors conducting infrequent and incomplete inspections
- Aggregate extraction fees that are inadequate to fund the aggregate

- management program and royalty payments to municipalities
- Cumulative impacts of multiple aggregate operations in small areas leading to increased environmental risks to source water, natural habitats, and agricultural land

## AMO's Submission to OMAFRA Rural Economic Development Strategy Consultation

AMO <u>submitted comments to the Ministry of Rural Affairs</u> to support their <u>rural economic development strategy consultation</u>. AMO's submission advocated for increased provincial support for:

- Effective coordination of local and provincial economic development funding, increased funding and a commitment to a <u>Social and Economic</u> <u>Prosperity Review</u>
- Workforce development initiatives to connect students and workers with the right skills for in-demand jobs with attraction and retention supports
- Building complete communities that are resilient and attractive to workers and business including supports for affordable housing, infrastructure, health services, transportation, broadband and energy

## Private Members' Bill: Bill 207, Municipal Accountability and Integrity Act

Since 2021, AMO has called on the provincial government to pass legislation that enables municipalities to enforce the ethical behaviour of elected officials.

AMO engaged in extensive consultations with municipalities and worked in partnership with ministry officials to develop a list of strong recommendations to respond to this important municipal concern, including:

- Updating municipal Codes of Conduct to account for workplace safety and harassment
- Creating a flexible administrative penalty regime that could be adapted to the local economic and financial circumstances of municipalities across Ontario
- Increasing training of municipal Integrity Commissioners to enhance consistency of investigations and recommendations across the province
- Allowing municipalities to apply to a member of the judiciary to remove a sitting member if recommended through the report of a municipal Integrity Commissioner

We look forward to hearing more about how the government intends to

respond to the sector's ongoing request for government legislation at the upcoming AMO conference in August.

## Government Passes Bill 185, Cutting Red Tape to Build More Homes Act, 2024

Bill 185 received Royal Assent on June 6, bringing into force two key Bill 23 development charge reversals and *Planning Act* amendments.

#### **Provincial Cabinet Shuffle**

On June 6, the province announced its latest Cabinet shuffle. New Ministers were announced for Tourism, Culture, and Gaming; Sport; Farming, Agriculture, and Agribusiness; Long-Term Care; Energy and Electrification; Education; and more. Several ministry names were changed and new Associate Minister positions created. All recent changes are on an Ontario Newsroom article.

**Dear Recipient:** 

Re: Household Food Insecurity

At its meeting on January 18, 2024, the Board of Health carried the following resolution #06-24:

WHEREAS food security is a chronic and worsening health issue as documented by annual local data on food affordability and as recognized by multiple Association of Local Public Health Agencies (alPHa) resolutions: AO5-18 (Adequate Nutrition for Ontario Works and Ontario Disability Support Program), A18-02 (Minimum Wage that is a Living Wage), A15-04 (Basic Income Guarantee), and A23-05 (Monitoring Food Affordability in Ontario and the Inadequacy of Social Assistance Rates)

THEREFORE BE IT RESOLVED THAT the Board of Health for Public Health Sudbury & Districts call on the provincial government to incorporate local food affordability findings in determining adequacy of social assistance rates to reflect the current costs of living and to index Ontario Works rates to inflation going forward; and

THAT in the context of the Public Health Strengthening roles and responsibilities deliberations, the Board of Health urge all health system partners to remain committed to population health assessment and surveillance as it relates to monitoring food environments and, specifically, to monitoring food affordability; and share this motion broadly with local and provincial stakeholders.

Re: Household Food Insecurity

January 24, 2024

Page 2

Household food insecurity is one of the strongest predictors of poor health, making it a serious public health issue (PROOF, 2023). Individuals who are food insecure are at higher risk of diet-related diseases like diabetes and are at higher risk for a wide range of chronic conditions such as depression and anxiety disorders, arthritis, and chronic pain. Household food insecurity leaves an indelible mark on children's health and well-being (PROOF, 2023). The experience of food insecurity in childhood is associated with mental health concerns throughout childhood and into early adulthood (PROOF, 2023). In Ontario, the healthcare costs of individuals who are the most food insecure can be more than double that of individuals who are food secure (PROOF, 2023, Tarasuk et al., 2015).

Thank you for your attention to this important issue – the solutions for which will not only help many Ontarians in need but also protect the sustainability of our critical health and social services resources.

Subject: Renewal of the Canada Community-Building Fund
Date: June 5, 2024 2:58:14 PM

Today, the Association of Municipalities of Ontario (AMO), along with Canada, Ontario, and the City of Toronto, announced agreement on a 10-year renewal of the Canada Community-Building Fund (CCBF)

Through the negotiations AMO worked to ensure that the renewed agreement builds on the success of the Fund in providing predictable funding - without the need for application - to be invested in priority infrastructure projects within 18 eligible categories. The Fund will remain largely the same, flowing crucial infrastructure dollars to municipal governments, and supporting the growth and vitality of communities across Ontario. Within the next 10 days, AMO will send out the Municipal Funding Agreements.

# Joint Statement on the Canada Community-Building Fund

From: Infrastructure Canada

## **Statement**

June 5, 2024

Ottawa — Today, Sean Fraser, Canada's Minister of Housing, Infrastructure and Communities, Paul Calandra, Ontario's Minister of Municipal Affairs and Housing, Olivia Chow, Mayor of Toronto, and Colin Best, President of the Association of Municipalities of Ontario (AMO), released a joint statement:

"The three levels of government have finalized a Canada Community-Building Fund (CCBF) agreement, which will ensure that critical infrastructure that supports housing continues to be built, maintained, and expanded. The renewal of this agreement means that our communities' roads, bridges, and transit systems will be positioned to accommodate growth.

Infrastructure investments support affordable and inclusive communities that Canadians live and work in. The <u>CCBF (Canada Community-Building Fund)</u> has paved roads like Rollins Drive and Chelford Crescent in Belleville, renovated community spaces like the Bayview Hill pool in Richmond Hill, and protected

public spaces like the Centeen Park seawall in Brockville. The fund provides predictable and sustainable funding for communities to make sure that municipalities can keep making the investments their communities need.

The deal announced today will see the federal government invest \$4.7 billion over the next five years.

We recognize the importance of infrastructure in increasing Canada's housing supply. By working together to strategically invest in projects aligned with regional housing goals, we will help increase the number of affordable homes in Ontario.

Through this agreement, we have aligned on three priority goals, including:

- Reporting on affordable units created to meet the needs of communities and increase capacity of the non-profit sector;
- Working across all orders of government to leverage public lands to meet housing needs; and
- Supporting innovation in construction techniques by committing to a
  provincial innovation strategy for modular and prefabricated housing,
  including working with the federal government to develop and adopt a
  design catalogue.

Through <u>CCBF</u> (<u>Canada Community-Building Fund</u>), we will work together to build healthy and vibrant neighbourhoods across the province.

We are taking a Team Canada approach to build more inclusive and connected communities, which will help support more housing by creating the public infrastructure that Ontarians need."

RE: Urging the Government to Promptly Resume Assessment Cycle

Please be advised that the Council of the Corporation of the Municipality of Callander passed the following resolution at its Regular Meeting of Council held Tuesday, May 28, 2024.

#### Resolution No. 2024/05/184:

7.4(c) WHEREAS the assessment cycle is an essential process for maintaining the fairness and predictability of property taxes in our province;

AND WHEREAS the pause in the reassessment cycle has created uncertainty and instability in property taxation, impacting both residential and commercial property owners;

AND WHEREAS the government has delayed an assessment update again in 2024, resulting in Ontario's municipalities continuing to calculate property taxes using 2016 property values;

AND WHEREAS both current and outdated assessments are inaccurate, increase volatility, and are not transparent;

AND WHEREAS frequent and accurate reassessments are necessary to stabilize property taxes and provide predictability for property owners, residents, and businesses alike:

AND WHEREAS the staff at the Municipal Property Assessment Corporation would benefit from further skills enhancement and training in assessments, recognizing the importance of ensuring accurate evaluations for 100% of our municipality;

AND WHEREAS the Government has announced a review of the property assessment and taxation system with a focus on fairness, equity, and economic competitiveness, and therefore further deferring new property assessment;

NOW THEREFORE BE IT RESOLVED THAT the Council of the Municipality of Callander hereby calls upon the Premier to promptly resume the assessment cycle to ensure the stability and predictability of property taxes while the Government conducts its review of the property assessment and taxation system, or respond with an alternative method for every municipality in Ontario to achieve fair taxation;

AND THAT all Municipalities in Ontario and their constituents are encouraged to apply pressure to the Premier, daily, weekly, and monthly, to resolve the situation before it causes undo stress to everyone in the Municipality;

AND THAT a copy of this resolution be forwarded to the Premier, the relevant provincial authorities, the Association of Municipality in Ontario, the Rural Ontario Municipalities Association, the Federation of Northern Ontario Municipalities, the Municipal Property Assessment Corporation, and all municipalities in Ontario for their consideration, to make proper changes as quickly and efficiently as possible.

Thank you,

Cindy Pigeau Municipal Clerk

## The Township of Georgian Bay Resolutions Council - 13 May 2024

Item 12.(a)

Date: May 13, 2024 C-2024-165

**Moved by** Councillor Stephen Jarvis **Seconded by** Councillor Peter Cooper

WHEREAS Ontario's small rural municipalities face insurmountable challenges to fund both upfront investments and ongoing maintenance of their capital assets including roads and bridges and water wastewater and municipally owned buildings including recreational facilities and libraries:

WHEREAS in 2018, the Ontario government mandated all Ontario municipalities to develop capital asset management plans with the stipulation that they be considered in the development of the annual budget;

WHEREAS small rural municipalities (of 10,000 people or less) are facing monumental infrastructure deficits that cannot be adequately addressed through property tax revenue alone;

WHEREAS the only application approved through the recently awarded Housing Accelerator Fund to a small rural municipality was to Marathon Ontario, who received an allocation of \$1.9 million dollars while over \$1.369 billion going to Ontario's large urban centres, resulting in a 0.2% investment in rural Ontario;

WHEREAS the Ontario Government has committed \$9.1 billion to Toronto alone to assist with operating deficits and the repatriation of the Don Valley and Gardner Expressway;

WHEREAS small rural Ontario cannot keep pace with the capital investments required over the next 20 years unless both the Provincial and Federal Governments come forward with new sustainable infrastructure funding;

WHEREAS it is apparent that both the Federal and Ontario Governments have neglected to recognize the needs of small rural Ontario;

NOW THERFORE BE IT RESOLVED THAT the Township o fGeorgian Bay call on the Ontario and Federal Government to implement sustainable infrastructure funding for small rural municipalities;

AND THAT small rural municipalities are not overlooked and disregarded on future applications for funding:

AND THAT both the Federal and Ontario Governments begin by acknowledging that there is an insurmountable debt facing small rural municipalities;

AND THAT both the Federal and Ontario Governments immediately commission a Working Group that includes a member of the Eastern Ontario Wardens Caucus, to develop a plan on how to deal with the impending debt dilemma;

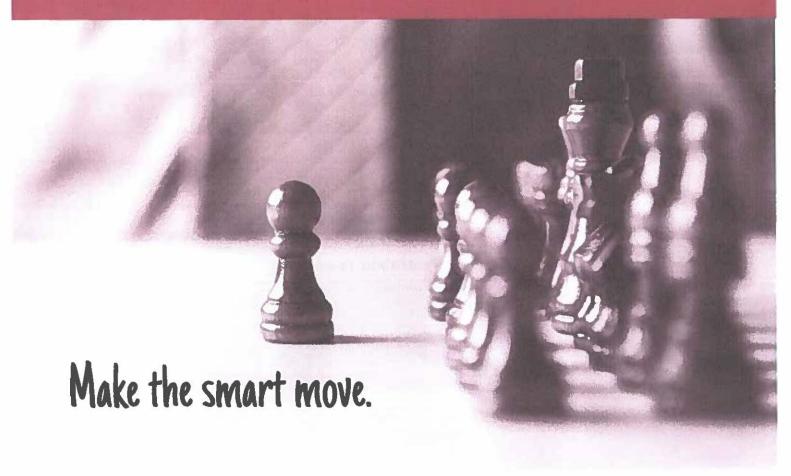

AND FINALLY THAT this resolution be forwarded to The Honourable Justin Trudeau, Prime Minister of Canada, The Honourable Sean Fraser, Minister of Housing, Infrastructure and Communities of Canada; Michel Tremblay Acting President and CEO, Canada Mortgage and Housing Corporation; The Honourable Doug Ford, Premier of Ontario; The Honourable Kinga Surma, Ontario Minister of Infrastructure; The Honourable Paul Calandra, Ontario Minister of Municipal Affairs and Housing; MP Shelby Kramp-Neuman, Hastings-Lennox Addington; MPP Ric Bresee Hastings-Lennox Addington, AMO, ROMA, FCM, Eastern Ontario Wardens' Caucus and all Municipalities in Ontario.

#### INFORMATION REPORT

PREPARED FOR: MAYOR BÉLANGER AND MEMBERS OF COUNCIL

PREPARED BY: PAUL LAPERRIERE, INTERIM CAO/TREASURER

TITLE: 2024 OPERATING BUDGET

DATE: MONDAY JUNE 24, 2024

REPORT NO: 24-36R

#### **BACKGROUND**

The first draft of the 2024 budget was presented April 15<sup>th</sup> and proposed year-over-year increase to the tax levy of \$58,240 or 2.5% increase.

#### **ANALYSIS & DISCUSSION**

The draft was approved in principle however the Library's financial needs was not finalized and the approval was deferred until the Library matter was addressed.

A decision was reached on the Library at the June 10, 2024 regular Council meeting and a result thereof, an additional \$25,000 was added to the budget to cover incidentals related to the Library's closing of its facility at F.J. McElligott High School.

The Town will use its own forces to move the Library and will put everything in heated storage either locally or in North Bay the annual rental charge for which will be up to \$8,600. Gas and vehicle rentals will bring the cost to an estimated \$10,000 to \$11,000. The balance of the \$25,000 is for any unforeseen costs.

The Town, on behalf of the Library Board, is working on a funding submission for the Ontario Trillium Funding Seed Grant (maximum \$100,000).

Other changes include a revision of the ICIP funding and Dorion Road Project Expenses based on the tender submission received June 6 plus other minor miscellaneous changes.

#### FINANCIAL IMPLICATIONS

The increase to the 2023 levy of \$58,240 (2.50%) remains unchanged from that presented on April 15, 2024.

#### **RELEVANT POLICY/LEGISLATION**

Municipal Act, 2001, Town of Mattawa Operating Budget Document

#### RECOMMENDATIONS/RESOLUTION

It is recommended that Council for the Town of Mattawa receives this report and further than Council approves the 2024 budget as presented.

**BE IT RESOLVED THAT** the Council of the Town of Mattawa receives Report # 24-36R titled 2024 Operating Budget.

#### INFORMATION REPORT

PREPARED FOR: MAYOR BÉLANGER AND MEMBERS OF COUNCIL

PREPARED BY: PAUL LAPERRIERE, INTERIM CAO/TREASURER

TITLE: MUNICIPAL OFFICE HOURS FOR SUMMER MONTHS

DATE: MONDAY JUNE 24, 2024

REPORT NO: 24-37R

#### **BACKGROUND**

Current office hours are Monday to Thursday, 9:00 to 5:00; Friday 9:00 – 4:00.

The office is open during lunch hour such that the office is open 8 hours per day. Townhall staff are paid based on 7 hour days. Staff cover each other by taking staggered lunchtimes.

#### **ANALYSIS & DISCUSSION**

The accumulation of in-lieu hours is far less significant than that of the previous year or years. Nonetheless, Townhall staff continue to accumulate such hours due to attending after hours Council meeting and/or taking half hour lunches.

As a way to compensate Townhall staff for these extra hours, it is proposed that we re-introduce summer hours whereby the office will be closed at 1:00 PM Friday afternoons for July and August.

#### FINANCIAL IMPLICATIONS

There are 9 Fridays for the period from July 2, 2024 to September 3, 2024. Finishing at 1:00 means 3 less hours per week than currently being worked or a total of 27 hours.

Staff will apply this additional time-off against their current bank of in-lieu hours. This bank will increase by Council meetings during July and August (only a few) and by only taking half hour lunches. Shorter lunches will add 22.5 hours to their in-lieu bank.

While the office will be closed at 1:00 PM on Fridays, this is not a mandatory initiative. Staff who have insufficient in-lieu hours or staff who are not interested in taking half hour lunches can work till 4:00 PM on Fridays as the per usual hours of work.

#### RELEVANT POLICY/LEGISLATION

Hours of Work Policy, Time-off In-Lieu/ O/T Policy, Employment Standards Act
